PIMPPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

MAIL CHRISTMAS PACKAGES EARLY SLOGAN

The Paris postoffice also has a slogan, while slogans seem to be the fashion. Postmaster J. Walter Payne and the postoffice employees are preparing for an unprecedented rush in parcel post business during the Christmas holiday season, and are urging the people to mail their Christmas packages early.

A special parcel post window will be opened in a few days to care for the holiday stampede. With the legend, "Don't Open Until Christmas" plainly written on the outside, it is pointed out, senders of Christmas gifts through the mails will accomplish their purpose better by mailing packages a week or more earlier than usual than by risking delay in the congestion.

All bundles should be securely wrapped and tightly tied or sealed, and the name and address of the sender should be plainly written on the outside.

Only sixteen days now until Christmas. Be early. Get busy with your packages. Do your shopping early and TRADE AT HOME!

DO YOU CATCH COLD EASILY?

Your Vitality Is Low—Resistance Weak

YOU NEED PEPTO-MANGAN

Rich Red Blood Will Strengthen You and Put You on Your Feet Able to Resist Colds

Your system normally healthy should never catch cold. Your body is adjusted to take care of sudden changes in the weather.

It is when you are run down and your vitality is low that your body cannot adjust itself. Then you take cold.

If you keep your blood in good condition, with plenty of red corpuscles, you will be strong and your body will easily adjust itself to sudden changes. You will throw off the cold germs that go flying into the air when someone with a cold sneezes.

Red-blooded men, women and children eat well. They have plenty of energy. They go along with a smile because they feel right.

Try Pepto-Mangan, the successful tonic. It is a wonderful blood builder. Take it for a while till you feel right.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. It is prepared in both liquid and tablet form. The medicinal properties are the same.

Sold at any drug store. But be sure you get the genuine Pepto-Mangan—"Gude's." Ask for it by name, and be sure the full name, "Gude's Pepto-Mangan," is on the package. (adv)

BOURBON FARMING CONDITIONS

A week of variable weather, first sunshine and then rain, warm and then cold, has found the farmer of Bourbon county mostly in their barns, stripping out their tobacco in order to have as much as possible ready for the opening of the local market in January. Most of the weed is now in case, and the work of stripping is going on steadily. The markets in North and South Carolina already opened predict low prices for the Kentucky product, and the farmers are doing their best to better the situation in some way, if it has to be by means of sacrificing part of the crop.

With the greatest corn crop in the history of the county the cribs are full and running over, but the growers are faced with the lowest prices in many years. Many are refusing to sell their corn, preferring to keep it at home and find a use for it.

Deadly War Weapon.

Among the latest war weapons is a submarine tank, perfected by the French. It is able to crawl along river and lake beds and suddenly appear in the midst of an enemy to open fire with powerful guns.
